Residential Cross Connection Survey

In order to protect the Village of Carbon Cliff water supply from being contaminated, we are conducting a survey to determine if there are any hazardous conditions that could affect our drinking water. We appreciate you taking the time to complete the survey.

If you have questions regarding the survey, please contact Anthony Fairchild at the Public Works Department, phone number (309) 792-8235.

Please write your water billing account number here: _____

- * Do you have any other source of water, such as a private well, pond, lake, tank or reclaimed water that is connected to your plumbing?
 Yes No

- * Are there any backflow prevention devices installed on the premises? This does not include devices installed on the Village water meter or outside water / garden hose.
 Yes No

- * If you have a backflow prevention device, has it been tested? (If you answered yes to this questions, please provide a copy of the test results to one of the following: email CarbonCliff@mchsi.com, fax (309) 792-3267, or mail P.O. Box 426, Carbon Cliff, Illinois 61239).
 Yes No

- * Do you have a permanent in-ground lawn irrigation system installed on your property? This does not include lawn water devices attached to a garden hose.
 Yes No

- * Do you have a swimming pool?
 Yes No

- * If you have a swimming pool, is the pool filled by a permanent connection to the water system?
 Yes No

- * Is your home heated by a boiler?
 Yes No

- * Do you operate a business out of your home?
 Yes No
If yes, what type of business? _____

[SURVEY CONTINUED ON BACK]

- Industrial Air Conditioning Equipment
- Air Washer
- Condenser Washer
- Grease Traps
- Other Water Uses: _____

The Illinois Department of Public Health Plumbing Code requires hose vacuum breakers to be attached to all outdoor faucets. These devices protect the plumbing system from being contaminated by any substance, which might enter the water hose (lawn fertilizer, herbicide, soap, etc.) Hose vacuum breakers are available at most hardware stores or through your local plumbing contractor. The information provided in this survey form is an accurate and current description of the water system at this address. Please write your name below as confirmation of the person completing the survey.

Name: _____

Address: _____

Date: ____/____/____

[Please Return By November 15, 2016]
