## What happens if you Choose **NOT** to Fill Out the Census?

Here are a couple of things that Carbon Cliff will miss out on...

- For every person who does **not** get counted in the Census, Carbon Cliff will lose **\$1,800.00** in funds annually.
- Over the Census's 10-year period, the Village of Carbon Cliff will lose \$18,000.00 for each person not counted.
- Funding opportunities for our schools, fire department, road repairs and many others would be lost.
- If you do not complete the Census an enumerator will visit your home to gather the Census information.

## What does the Census ask?

The Census asks for the name, age, sex, date of birth, and race of each person in the home.

## How is your information protected?

- All responses are **confidential** and **protected** by law under Title 13 of the U.S. Code.
- All employees of the Census Bureau swear a lifetime oath to protect respondent data.
- The Census Bureau will **never** share information with immigration enforcement agencies such as ICE or law enforcement agencies such as the FBI or police.
- The Census Bureau has partnered with Microsoft to help ensure the security of the online platform.

## How to Complete the Census!

- **EVERY** citizen needs to complete the Census form.
- You can fill the form out by phone, online, or by U.S. mail.
